EDITORIAL

Again the Harrisonian makes its appearance, this time with several new features. The Egyptian art motive for illustrations, the page of scenic views, and the cloth cover add to the beauty of the book.

The burden of editing this publication, with its survey of the record-breaking classes, the athletic teams, and the school activities, was greatly lightened by the kind assistance of the faculty advisers, the instructors, and the students who so willingly cooperated that we might accomplish our purpose. To them we offer thanks in fullest measure.

The Harrisonian staff, in presenting the 1927 Annual, hope that it will be prized by all Harrison students and will, in future years, recall to them fond memories of school life at Harrison High.

When in school he pulls their curls.
He hates them all 'cept those, you see,
Whose names begin from A to Z.

Architectural Club, Track '25, '26, Hustlers.

Social Science Club, H Club, Baseball '25, '26, Football '26, Track '25, '26.

Debating Club, History, Spanish, French, Biology, Social Science, Hustlers.

KLECKA, JACK

If one may judge by Klecka's interest in architecture, he will design "the homes of the brave" in the near future.

Architectural Club, Hustlers.

Glee Club, Choral, Dramatics, Junior-Senior, Swimming '24, '25, '26, "Bohemian Girl," "Pirates of Penzance."

Yunota Club, Honor Society, Junior Beseda, Student Leaders, Junior-Senior, Hustler Council, Herald Staff '25, '26.

H Club, Glee, Swimming '23, '24, '25, '26, "Mikado."

KOVARIK, JEROME

Even though he was proficient at heaving the medicine ball and guarding the money of the Radio Club, Jerry is best at playing the sheik.

Sales Club, Junior-Senior, Social Science, Glee, Tennis Team '26, "Pirates of Penzance," Hustlers.

H Club, Radio, R. O. T. C. '23, '24, '25, Football Manager '26, Hustlers.

This quiet fellow always "knows his onions" in History. Why is it that he always reminds us of Abe Lincoln?

The Class History

When four short years ago we entered Harrison
We found it hard to please the upper classmen,
Who seemed to think us but for their amusement
Until the older girls, the Junior-Seniors,
Made us their valentines—
Showed us we were the objects of their love.
The H men likewise entertained our laddies
With feats gymnastic to their hearts' content,
But woe, alas!
Gave them no food to make their bodies strong;
Which treatment grieved our freshman laddies long.
The Fashion Show, the Indian Program awed
And filled our hearts with pride
In our dear school. "Monsieur Beaucaire"
Did charm us mites who gazed admiring on the scene,
For stately seniors paced in costumes rare.
As songbirds warbled merrily
The lyrics of the quaint "Mikado,"
Our childish hearts did fill with glee.

Old Harrison smiled on us with friendlier face.
No longer were we unimportant "freshies";
As full-fledged sophomores we vowed
We'd make ourselves deserving our loved school.
The midnight found us oft in study—
Geometry, the tongues of foreign lands our aim,
For these we found most worthy of our mettle.
As students of the art of Thespis we
Displayed great talent in "The Knave of Hearts."
The nightingales among us all
Did join the Glee Clubs two
And the great chorus swell
Of melody in "The Bohemian Girl";
While some did wield the journalistic quill
And give the "Herald" fame with right good will.

With third year more and more did we become
Supporters ardent of our cherished school.
As Junior-Senior girls and H men we
Adopted for our foster children dear
The freshmen new now entering Harrison
As we had done three years before.
"The Pirates of Penzance" showed all our skill,
For here we made our voices trill.
Our soccer men and baseball nine
Brought guerdons from the west-side tournaments.
Our wrestling teams in combat won
Two shields in token of their victories.

As time drew near to quit our Alma Mater,
In token of our gratitude we took
The leadership in this gigantic school,
Resolved to leave the happiest memory
Of those wee timid ones who'd come in '23.
We "Hustled" baskets to the poor
On Thanksgiving and Christmas days;
We won new laurels in the school play, "Clarence",
And pageant beautiful, "The Holy Grail".
Our Music Festival did prove the shrine
To which all pilgrims came from near and far.
The sheltering walls of Harrison gave cheer
To fathers proud with sons, mothers with daughters dear.
A Clean-up shield hangs now upon our walls,
Which echo to the silvery "Chimes of Normandy".
But work alone did not consume
The days of this, our last semester.
The senior prom and banquet gay
We gave in spirit more of play than work.
Now all too soon will come the day
When, standing in our black array,
We shall receive the magic paper rolls so white
That mark the end of study done
At Harrison.

Four happy years are almost o'er,
And we must leave. Beloved school,
Farewell. We'll long remember you
For all you've done for us. Adieu.

The Senior Farewell

Chicago, Illinois, April 11, 1927.

Dear Harrisonites:

Only a short time ago the members of the senior class of January, 1927, were confronted with the same task that you present Harrisonites now face—the task of not only upholding the high standard that Harrison has possessed in the past, but of forging ahead and improving your condition in spite of what has already been accomplished. That, friends, the spirit of advancement, is the spirit that should be ours not only at Harrison, but forever; even until the days spent at Harrison fade into a pleasant memory of long ago.

The realization of what Harrison means to us does not strike home until we leave Harrison. Then we see that the benefits derived in our four years at Harrison make it our duty to serve Harrison as befits a school that has accomplished so much towards aiding us in our preparation for life. Upon departing from Harrison we begin to appreciate the excellent instruction and guidance that we have received. We miss the happy, active, and cooperative spirit that prevails; but above all, we miss the friends that we were so fortunate as to possess at Harrison.

As a final word, friends, continue Harrison's splendid progress; uphold its ideals; and your reward, as has been ours, will be a realization of a duty well done and a memory of successful accomplishment that not even time can erase.

Yours very truly,
ROBERT SOMMER,
January Class President, 1927.

We Seniors rejoice in the prosperity Harrison has enjoyed the past year, due to the splendid cooperation of our athletic teams and numerous organizations, which has made our school a leader.

Various intra-mural developments have benefited the students greatly. The senior-study project, though yet in its infancy, has proved to be a good plan for creating good fellowship among the seniors. The new Annex reference library enables the students to secure information on every sort of academic and technical subject. Inter-room athletic competition has been a tremendous success.

We, the class of 1927, have taken an active part in the rapid growth of our school. We feel that through our willing work and loyal spirit we have done our share in establishing the Carter H. Harrison Technical High School as one of the greatest institutions of learning in our city. Our work, however, is nearly finished. It rests with our successors to carry on. To you, 4B's, do we pass the baton. The responsibility of being a model for the underclassmen rests upon your shoulders. Bear in mind that these underclassmen look to you, not to the faculty, for example. We wish you the greatest of success in this leadership.

Dear Juniors, Sophomores, and Freshmen, you constitute the greater part of the membership of the school, and your actions will raise or lower the reputation of our school in this community. Friends, our school is noted for its cleanliness, both morally and physically—work to keep it so. Our athletic teams are held in high esteem, fair and clean—keep them so. Fellow students, become active in Harrison's many organizations, remembering that activity will keep you out of mischief and trouble.

JAMES LAADT,
June Class President, 1927.

GIFTS TO THE JUNIORS

Ay, ye are welcome, Juniors gay,
The Senior seats to occupy—
Since we must now all say goodby—
Our crimson ties to wear each day,
To stand and chat at locker door
And grace our honored alley floor,
To fill the halls with song e'er more
And hearken to our teachers' lore.
For these rare gifts we ask return of yor
For Harrison's honor strive ye more each day;
Guide well the Freshmen in their school life new,
Add greater brilliance to the Senior play.
Campaigns conduct, athletics lead, clubs too.
All under classmen help in every way.

Heavy to bear, this load, you say?
Don't lose courage, Juniors gay.
Our burdens too were just as great,
But we laughed at them and blessed our fate.
Take us as a model; travel with glee.
Your load will grow lighter, much joy you will see.

—The Seniors.

THANK YOU, SENIORS

By our faith in Alma Mater,
By our love for all our schoolmates,
We, the Juniors of old Harrison,
Of dear Harrison future Seniors,
Make this pledge to all the graduates:
Harrison's honor we'll e'er cherish,
E'en till death her fame we'll foster.
Dear to us the Senior alley,
Loved by us the ties of crimson!
Underclassmen we'll guide safely
On the straight and narrow pathway.
School campaigns we'll lead with vigor;
Make the Senior play illustrious.
Doing these we'll lose your title—
Juniors gay no more you'll call us.
With this heavy load we shoulder,
Seniors grave hereafter dub us.
Yet we say, "Success go with you,
As ye leave our school forever,
Come not back again to lead us.
Farewell! O, our laughing Seniors."

—The Juniors.

A WORD TO YE SOPHOMORES

Ye day is close at hand when that mightie group of students called Ye Seniors must bid ye Sophomores a fond farewell; but before they go, they are mynded to leave a bit of advice as a token of departure. They desire to leave a pleasant memory, yea, a most pleasant one; but being so far advanced in ye store of Knowledge, and so learned that they are to receive Rolls of Parchment as reward for their erudition, ye decorous Seniors feel privileged to criticize ye.

Know ye not that at ye hour of ye mid-day meal ye disturb ye sedate Classes by gazing in upon ye students with inquisitive glances and by creating unseemly disturbances in ye Corridors? Why can ye not discourse pleasantlie, with due propriety, during your hours of leisure? It irketh our souls sadly to see ye Sophomores racing through ye Halls, and we are grievously afeared that ye will some day meet with Disaster by colliding, perchance, with Mr. Spangler, unless ye practise a more sedate step for ye Corridors of Harrison.

Where, dear Sophomores, did ye acquire your disdainful airs and arrogant demeanor? Prithee, tell us, are they needful here?

Ye serious inclinations of ye Seniors are to implore ye to abandon such non-Harrisonlike action, and in so doing, they hope they are making no more moane than befits their lofty position at Harrison. When ye, too, attain ye high plane of Seniorship, ye will find that a stride, dignified, and a look, haughty, will impress upon ye underclassmen your Prestige; but pray do not practise it now.

Know ye, that ye Seniors care not to chide ye too harshly. Resent ye not their words. Nay, rather looke upon your faults and give your minds to their removal full soon. Keep ye Standards of Scholastics at their highest; be ever true to ye School; be loyal to ye Teams alway; and when, by means of faithful endeavor, ye arrive at ye Eve of Graduation, ye will thank ye Seniors for aiding and guiding ye across ye Stepping Stones that lead to the Great Portal of Success.

—The Seniors.

AS YE WILL, SENIORS!

We, ye meek and lowly Sophomores, have heard with deference the farewell of ye mighty Seniors. On ye tablets of our memory shall your words be written, and in all things we will strive to imitate ye decorous Seniors.

Verily, we shall copy ye grave and dignified Senior stride, as with stately step and slow we pace ye corridors, ever mindful of ye reverend Senior shadow which stalketh beside us. When at our lockers we discourse pleasantries, ye topics of conversation shall be those on which ye discoursed so well, namely, relativity, ye political situation, and ye common good; and, remembering ye musical accents of ye Seniors, our voices shall be like unto the cooing of a dove.

And if, perchance, we should collide with ye Honorable Mr. Spangler, methinks with humble words of apology we shall appease his wrath, even as ye did in days now past. Fervently will we strive to amend our faults in the hope that ye, our Mentors, will hear of us, and, perchance, approve.

Adieu, ye great and revered; in your footsteps we will strive to tread. Success be with you ever, in memory of old Harrison.

—The Sophomores.

FRESHMAN

1 B's

FRESHIES, "CARRY ON"!

We're not going to chide you or scold you at all,
Ubiquitous Freshies, some large and some small;
For you've stopped all your track-meets in these spacious halls,
You've not slid down the banisters, due to the falls.

But ere we depart let us tell you a few
Of the lessons we've learned since we were like you.
To yourselves and your teachers be foursquare and true,
And each task that presents itself, cheerfully do.

Then, when night draws its curtain and to studies you turn,
Don't begrudge all the midnight oil that you burn.
Just remember you came here to live and to learn,
So that, in the future, your way you may earn.

Join all the teams and the clubs that you can,
Be each one a rooting athletic fan;
Lend your cooperation, keep the school in the van.
We leave all this to you. Be true sports, every man.

We have finished our work here; we bid you adieu.
May God keep you and speed you with vigor anew.
"Carry On" for our Harrison, hoist the gray and the blue,
And where'er we sojourn, praise we'll heap upon you.

—The Seniors.

FAREWELL, SENIORS!

To you, Seniors, well known for your work,
We Freshmen bid farewell.
Never from duty or task did you shirk,
A policy we love well.

We will try faithfully to take your place,
Not shaming you at all;
For the goal of knowledge we will race
Each year from Fall to Fall.

Dear Seniors, we wish you well.
On to your life's career
Out of the school in which you did dwell
Many a happy year.

Farewell, loved Seniors, again we say,
All grieving as we are.
We will follow with careful toil your way
And not your achievements mar.

—The Freshmen.

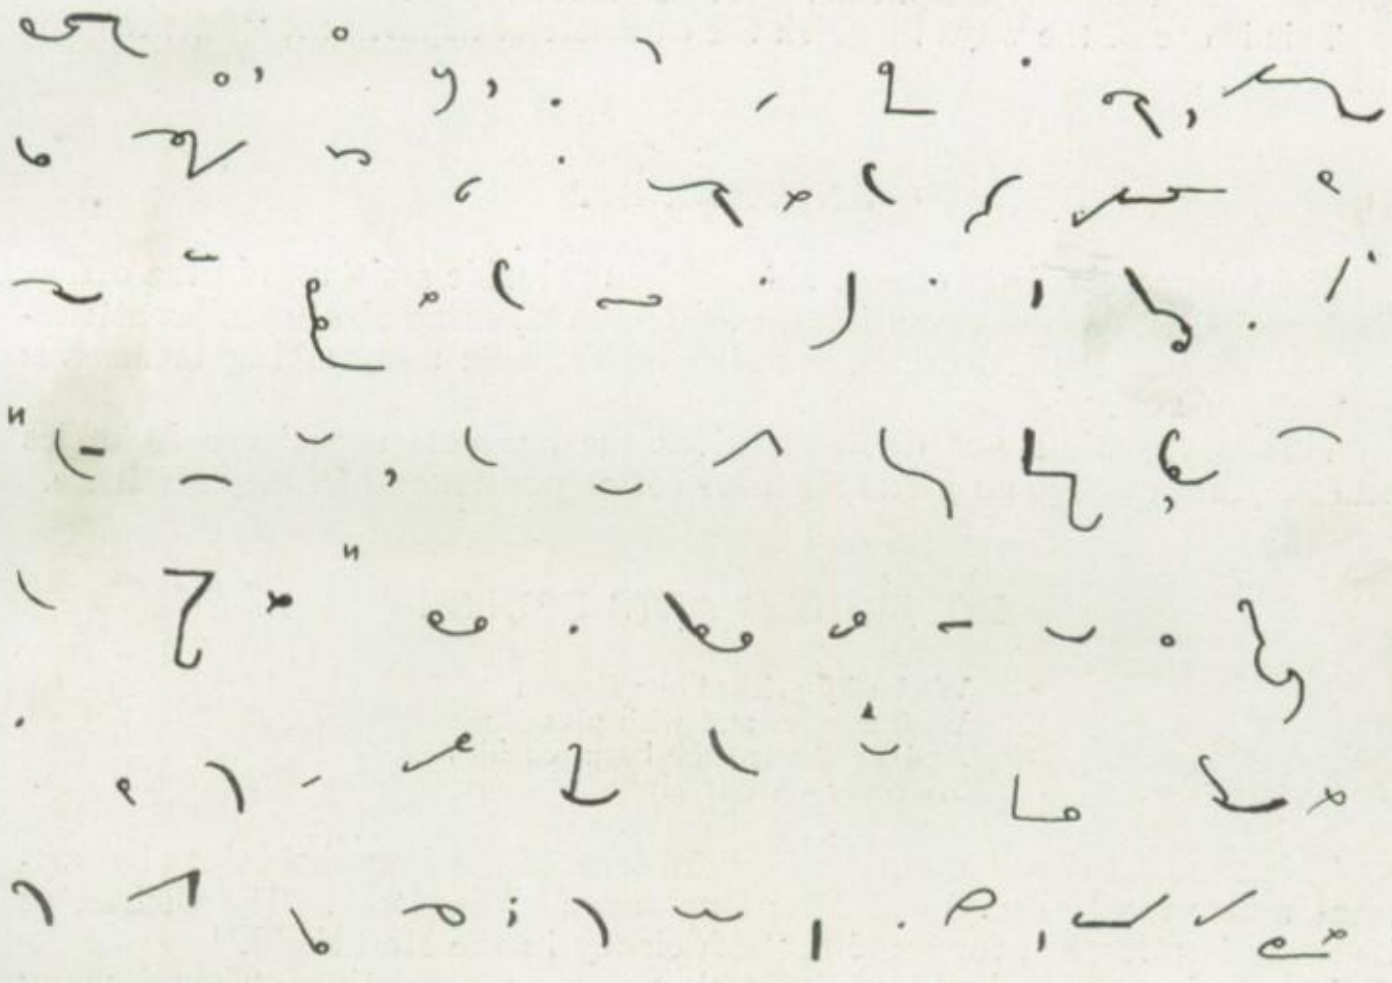
COMMERCIAL DEPARTMENT

Here the Commercial Department steps forth, proudly bearing the insignia "I. M. E.," for no Harrisonite thinks of the Commercial Department, of its growth, or of its effectiveness, apart from its capable director, Miss Ida M. Edwards, under whose wise leadership it devotes itself, in a very special manner, to the practical in Education.

STENOGRAPHY AND TYPEWRITING

Of the importance of Stenography and Typewriting in the business world it is needless to speak. "Big business" would be seriously handicapped without these time-savers. They are conspicuous subjects in the Commercial Course at Harrison, and students in large numbers take advantage of this opportunity for utilitarian training. During the past year more than 200 pupils have received awards for excellency in typewriting, thus attesting to the efficiency of the department.

A Stenographic Puzzle



Solution

Stenography is, as you see, the art of stroke and symbol, requiring for its mastery a mind alert and nimble. Every little hieroglyphic has a meaning quite specific; every curve and dash and dot bears the charge, "Forget me not, for in rapid-fire dictation, there's no time for cogitation."

Since the business world's great need is proficiency and speed, we of Harrison training vow not to cause complaining. We are ready to pass muster; we intend to add a lustre to the glory of our school.

THE BULLETIN

Harrison's daily newpaper "The Bulletin" under the management of Miss Twiss, is an important factor in the routine of our school life. It keeps the teachers and pupils informed as the events that are taking place, and is, therefore, a great help which should be appreciated by everyone.

All information which is to appear in the bulletin is given to Miss Twiss who ,with her student helpers from the two-year graduating commercial class, types the announcements on stencils which, when finished, are placed on the mimeograph machine. With a few turns of the handle, the bulletin is complete. It is then placed in piles to be distributed by girls during the seventh period.

The publishing of the bulletin is by no means an easy task, for the stenciling must be accurate to avoid confusion. The work requires three, sometimes four periods, the daily output being 175 or more copies.

This is one of the ways in which the commercial department "hustles" for the school.

ANOTHER BIT

The Commercial Department also renders valuable assistance in the office. Each period finds girls operating the switchboard, filing absence slips, attending to lost and found articles, running on errands, and making themselves generally useful.

This work, while not difficult, gives the students experience in office practice, and consequently fits them for better positions when they graduate.

HOUSEHOLD ARTS COURSE

We busily pricked our fingers
With needles and with pins
And we frosted the burnt cookies
To cover up our sins

This semester closed another successful term of the Household Arts Department under the leadership of Miss Bunton and Miss Beck. The Course, as its name implies, has for its aim, "Efficiency in the Household."

The sewing, supervised by Miss Beck, was very interesting. Though many seams were ripped, often tearfully, the results were pretty party dresses, dainty negligees, and other beautiful garments. Nor was milady's hat forgotten. Millinery is an important feature of the Course.

In the cuisine, where Miss Bunton reigned, not only was food prepared but a careful study of food values was made. Appetizing menus for breakfast, luncheons, and dinners were planned, and served on carefully set tables in the apartment. On these occasions there was no "Let Mary eat it attitude." We all proved to be epicures.

A calorie here and a calorie there
Became part of our education.
Now can't you see with this better fare
A stronger, healthier nation?

ATHLETICS

RALPH FIELDS

FOOTBALL

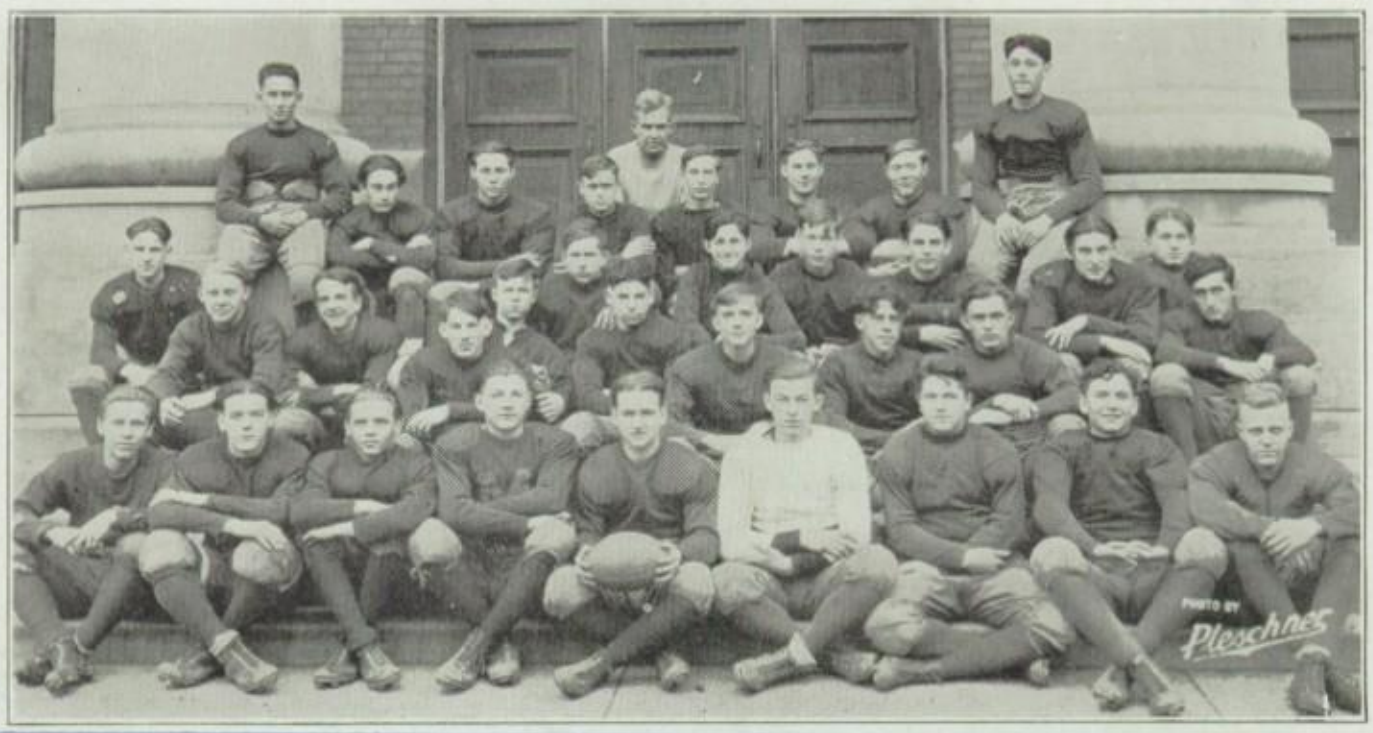
The Hornets plunged their way through a snappy season of grid battles into the semi-final competition of the city last fall.

All through the season Marshall led the section with its heavy total of points. The Hornets' Homecoming game with Crane staged a smashing victory for Harrison when the Hornets rallied and won the game 27—6. After qualifying through this victory for the semi-finals, the Hornets were outplayed by Senn, 21—0.

Captain Trojka, Bob Sommer, "Greek" Callas, Trafelet, Smatlak, Cohen, Jancius, Fink, Poplauskis, Walsh, Seidel, Kopsak, Tuma, and Coaches Smith and Dougherty are responsible for the good work of the season.

Under the guidance of Coach Turley and leadership of Captain Stern, our Frosh-Soph football team had quite a successful season. It won two important games and lost five others by close scores. Coach Turley has developed a number of players who will be valuable in forming next year's heavyweight squad. Two outstanding victories were Harrison 19—Tilden 2 and Harrison 6—Englewood 0.

"FROSH—SOPH"

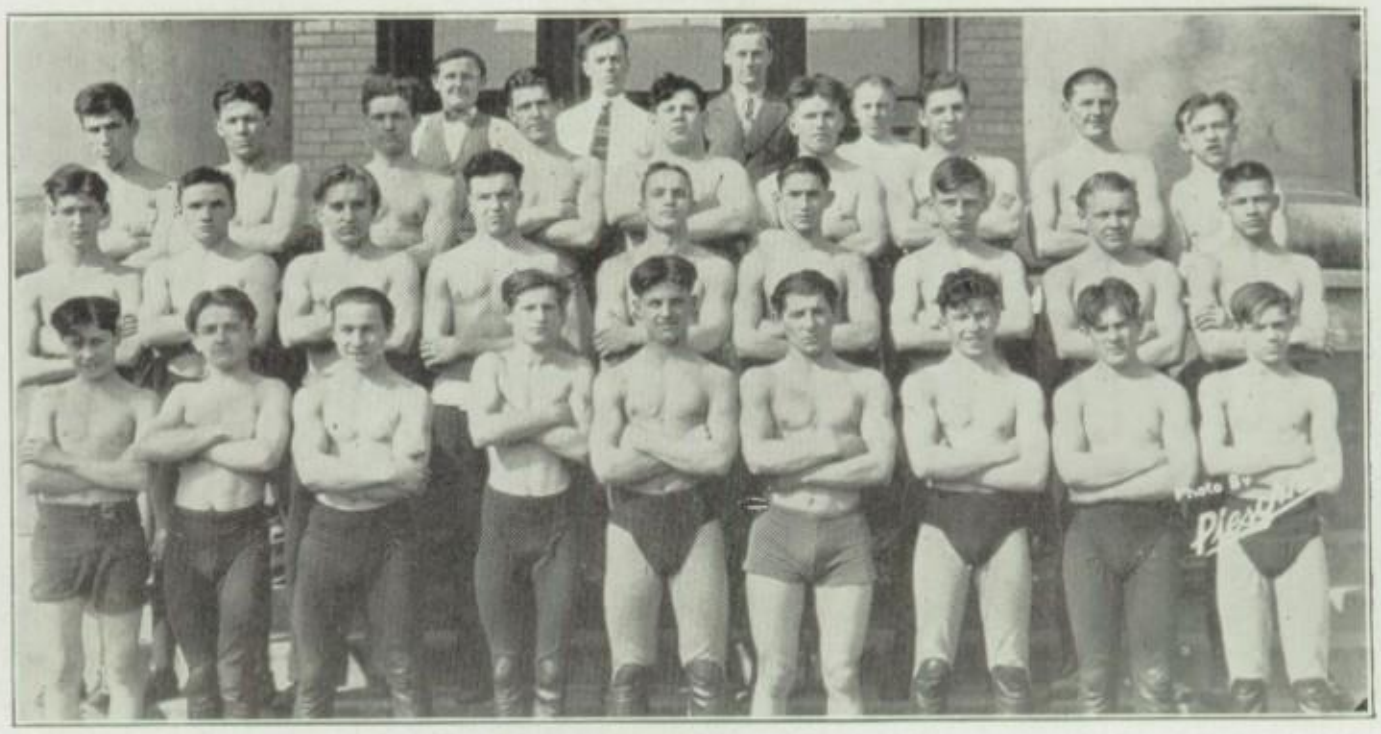


HEAVYWEIGHT BASKETBALL

At the start of the season, Coach Smith had two regulars from the preceding year, Captain Cisar and Otto Strunc. The team reached top form in the semi-finals, defeating Lake View, 27 to 15, and Lane, 22 to 13, only to lose to Marshall, 20 to 18, and go into a three way tie for first place.
Cisar, Strunc, Saratowicz, Mashek, Rubinic, Ongemach, Kafka, Brunstein, Sebastian, and Manager Vondrasek were letter men, while Gales, Pesch, Petrulaites, Bernstein and Kautt were members of the squad.

Having six men back from last year's squad, Coach Krupar started out for another title. The men back from last year's team were Captain Bultas, Grapczynski, F. Kropik, Brodar, Scheffel, and Sipusich. The following men were selected to form the squad: Svoboda, Altera, Thieda, C. Kropik, Moy, Plocar, Diamond, Smetko, and Hahne. The Lights, not losing a game in the West Section and thereby winning the Championship, made a record for future lightweight teams to shoot at.

LIGHTWEIGHT BASKETBALL



WRESTLING

With more and better material available than the year before, Coach MacGowan started out for another championship, having won both city and county championships last year. Eleven out of twelve dual meets were won this year. Later came the city championship and the Cook County championship, which were again won by Harrison, by a large margin over its closest rival, Tilden. The men that deserve the most credit are Capt. Drzewicki, 158 lbs., Spencer, 135 lbs., Janecek, 175 lbs., Poplauskis, 175 lbs., Shoub and Wujeck in the heavyweight division, and Machan, 125 lbs.

With nine men back from last year's semi-final team, Mr. Ruzicka, the new baseball coach, has great hopes for a championship. Capt. Saratowicz, Schultz, Gordon and Seidel are assured of infield positions while Cherin and Kopczak will be seen in the outfield. Strunc, Rubinic, Freese, Suchy and Mankowski are expected to work on the mound. The backstop position is yet to be decided. The aspirants for this position are Kuha, Chudy, Kautt, Rechler, Smatlak and Smiths.

BASEBALL

SOCCER

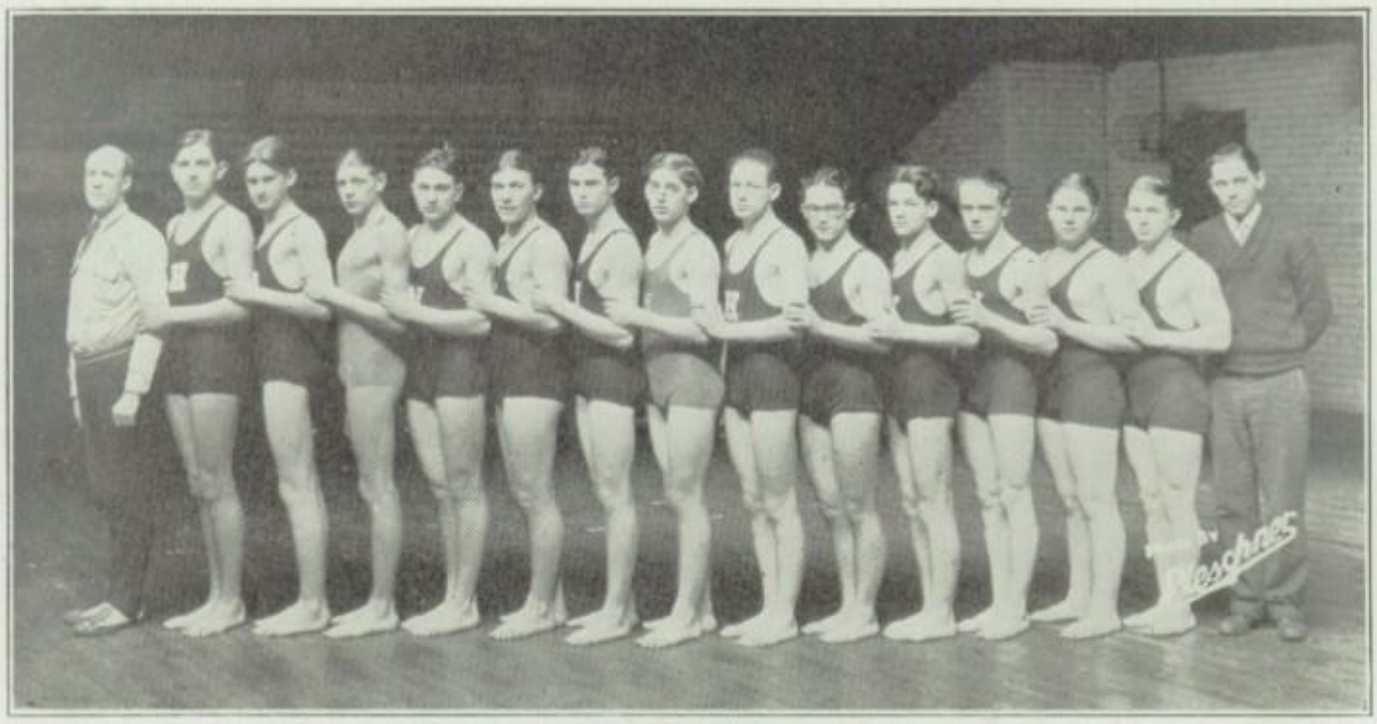
With a new team built entirely about Capt. Danny Cherin, Coach MacGowan started out for the 1927 Championship. Material was quite scarce, which is rather unusual for this sport. Despite all of these handicaps, only one out of ten games was lost; the game with Tilden, which later became city champion. Some of the men to whom honor is due are Drzewicki, Turck, Spencer, Gordon, A. Beerheide, E. Beerheide, Binkowski, Green, and Dobrowski.

A number of men will be back from last year's squad to form a nucleus for next season's championship.

Coach Holmes, with a squad of 35 men expects to make a creditable showing in the championship meet in the Spring.

With such veterans as Svoboda, Kropik, Horvitz, Budilovsky, entered in the competition our hopes rank high. Svoboda, who won third place in all-around competition, shows great promise. The boys on the squad have taken a keen interest in gymnastics, and have had little difficulty in developing themselves for high school competition.

GYMNASTICS

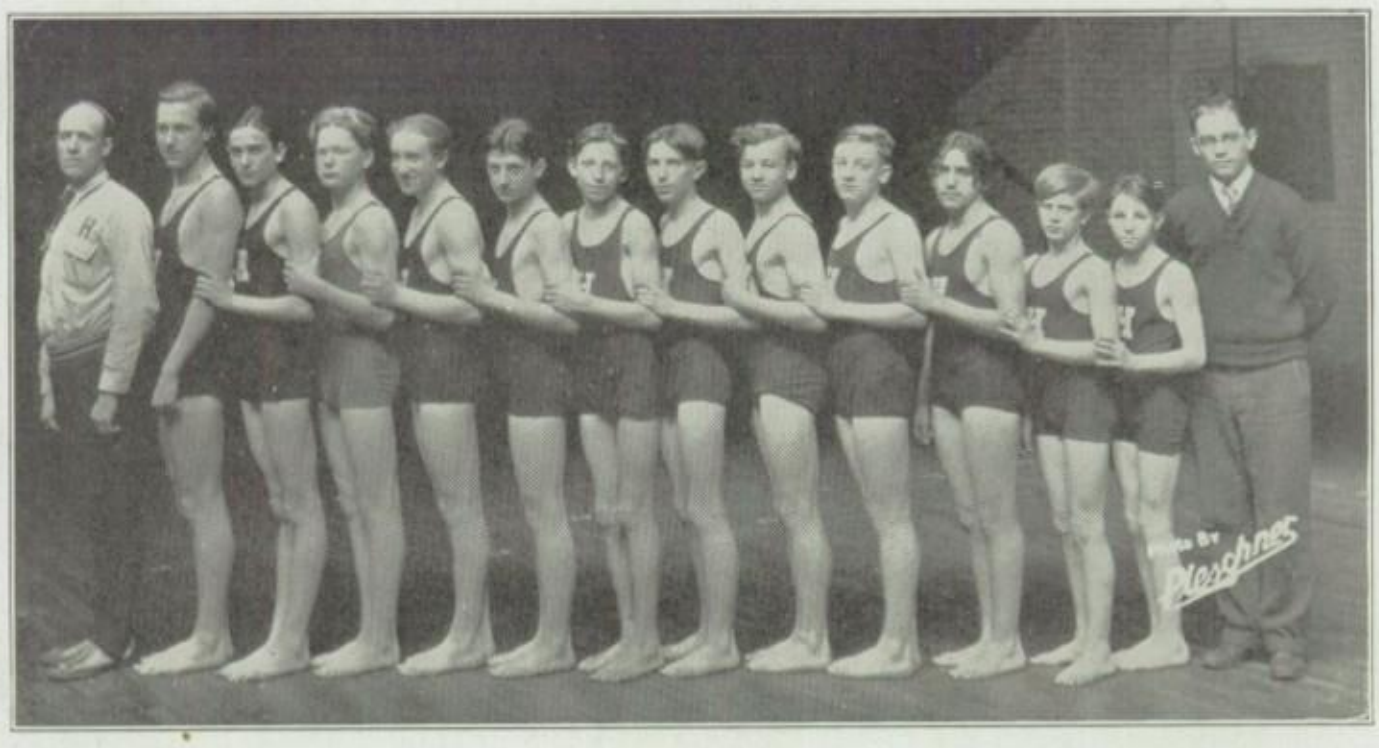


SWIMMING

Harrison was well represented at all swimming meets, led by Captain Janes, star and high point man of the team, who always placed in the 40, 100, and 220 yard events and also was winner of the Penthalon. Laadt and Walberg were Harrison's best in the breast-stroke, while Kosicek a back-stroke star, also deserves great praise. In the diving the important work was done by Sekera.

In the Juniors, Coach Holmes has a number of men who, with a little more experience and coaching, will prove to be a great asset to the Senior team in the fall. Most of the men will be back next year and Coach Holmes promises a championship contender.

JUNIOR SWIMMING

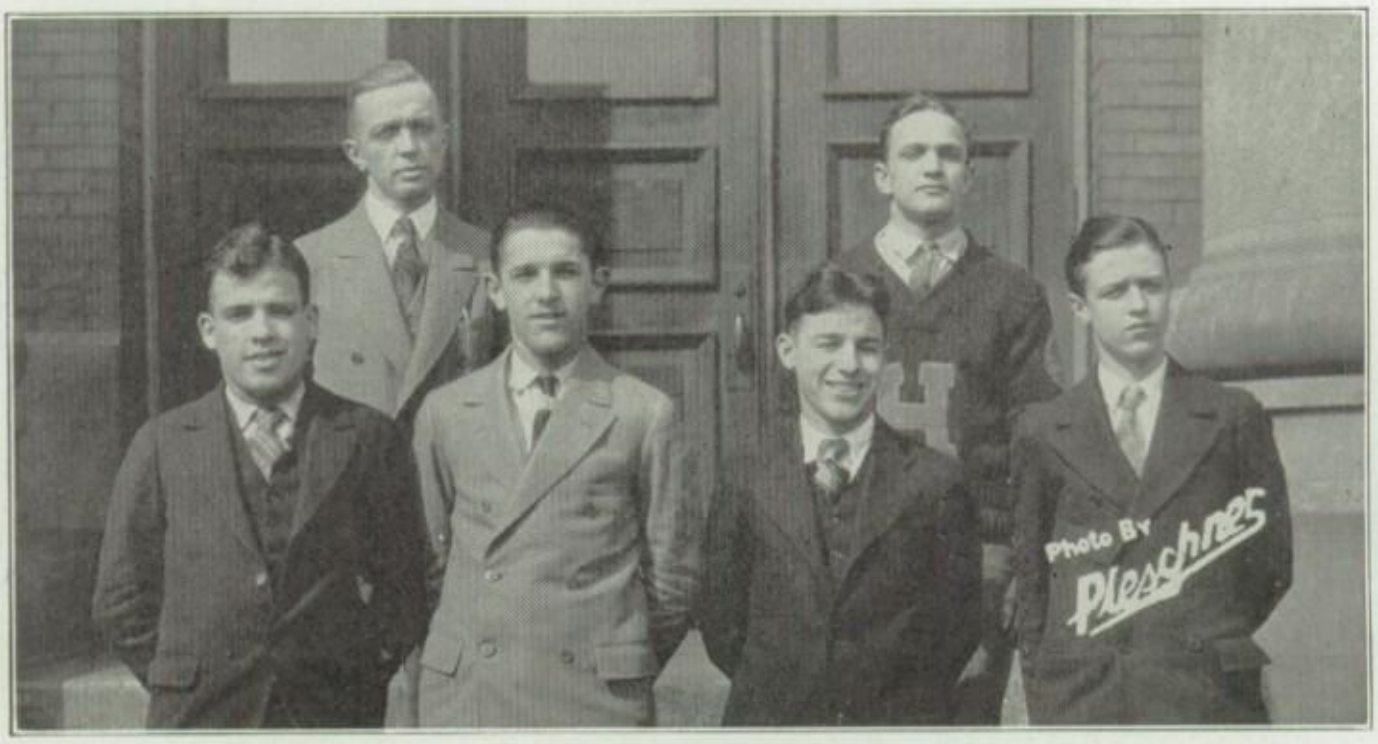


TRACK

With the coming of a new track season, Coach Ruzicka took over the duties of a coach. A large number of men answered the call for track aspirants. With a few weeks of preliminary training, a number of dual meets were scheduled in order to prepare for the championship meets. Arthur Beerheide, Harrison's mainstay in the dashes and hurdles for the past few seasons, also one of the best hurdlers in the city, greatly aided Harrison's chances. Such men as Barr, Jakes, and Jancius also deserve honorable mention.

In the Junior division, there are a number of men who are expected to blossom forth next season. The mainstay of the team is Leonard Lowy, who is a dashman of note.

JUNIOR TRACK



CHEERLEADERS

Under the guidance of Coach Dornbos, the Harrison Cheerleaders kept Harrison's loyal spirit at a high pitch throughout the year. The boys who led the Harrison cheers are Capt. Rattner, Barry, Callas, Bergener, and Drzewicki. These boys were present at all games, and aided Harrison greatly in all of its achievements. This is the second year that Harrison has had an organized squad of cheerleaders. The boys originated a number of new cheers which delighted the backers of the athletic teams.

The Harrison Debating Team, which in the past years has produced many fiery speakers, has not debated much during the last semester, due to the breaking up of the Chicago Literary Union.

The team held one inter-school debate which Hibbard, the affirmative losing, and the negative winning.

The affirmative members of this witty team are Joe Grant, Sam Marder, and Sam Neidorf; the negative, Oscar Godina, Edward Logelin, and Philip Lular.

THE HARRISON DEBATING TEAM

THE DANCING CLASS

Under the able guidance of Miss Faulhaber, the special dancing class is prospering. The training, grace, and skill of the girls were shown by their presentations at assemblies and at the First Annual Music Festival, February 25, 1927, when they presented the ballet "Chopiniana", composed by Miss Faulhaber. The leading soloist dancers, whose work deserves special mention, are Loraine Palacz, Mildred Don, Regina Bona, and Virginia Bambas. The girls have been aided in their practice by their pianists, Rose Marie Mikes and Florence Bush.

Harrison mermaids, with Miss Lagorio as director, have become very important in our school activities, the team membership being well over fifty. All the girls have worked earnestly for their Swimming H's and Red Cross Life-Saving emblems. Meetings have been held regularly every week in the swimming pool on Monday and Wednesday, the 10th period.

The team was divided into two groups, the better swimmers forming the swimming team which entered competition races, the other forming the Red Cross Life-Saving Corps.

GIRLS' SWIMMING TEAM

THE GIRLS' ATHLETIC ASSOCIATION

The Girls' Athletic Association was organized last year for the purpose of increasing interest in gymnastic and athletic activities.

A school letter is awarded to each member of the G. A. A. who has qualified for it by earning 1,000 points. Eight hundred points are to be obtained in sportsmanship, scholarship, health, team games, personal proficiency, hiking, and gymnasium classwork. The remaining two hundred points may be earned in optional events, such as dancing, swimming, ice-skating, track and field, tennis, golf, first-aid, and fencing.

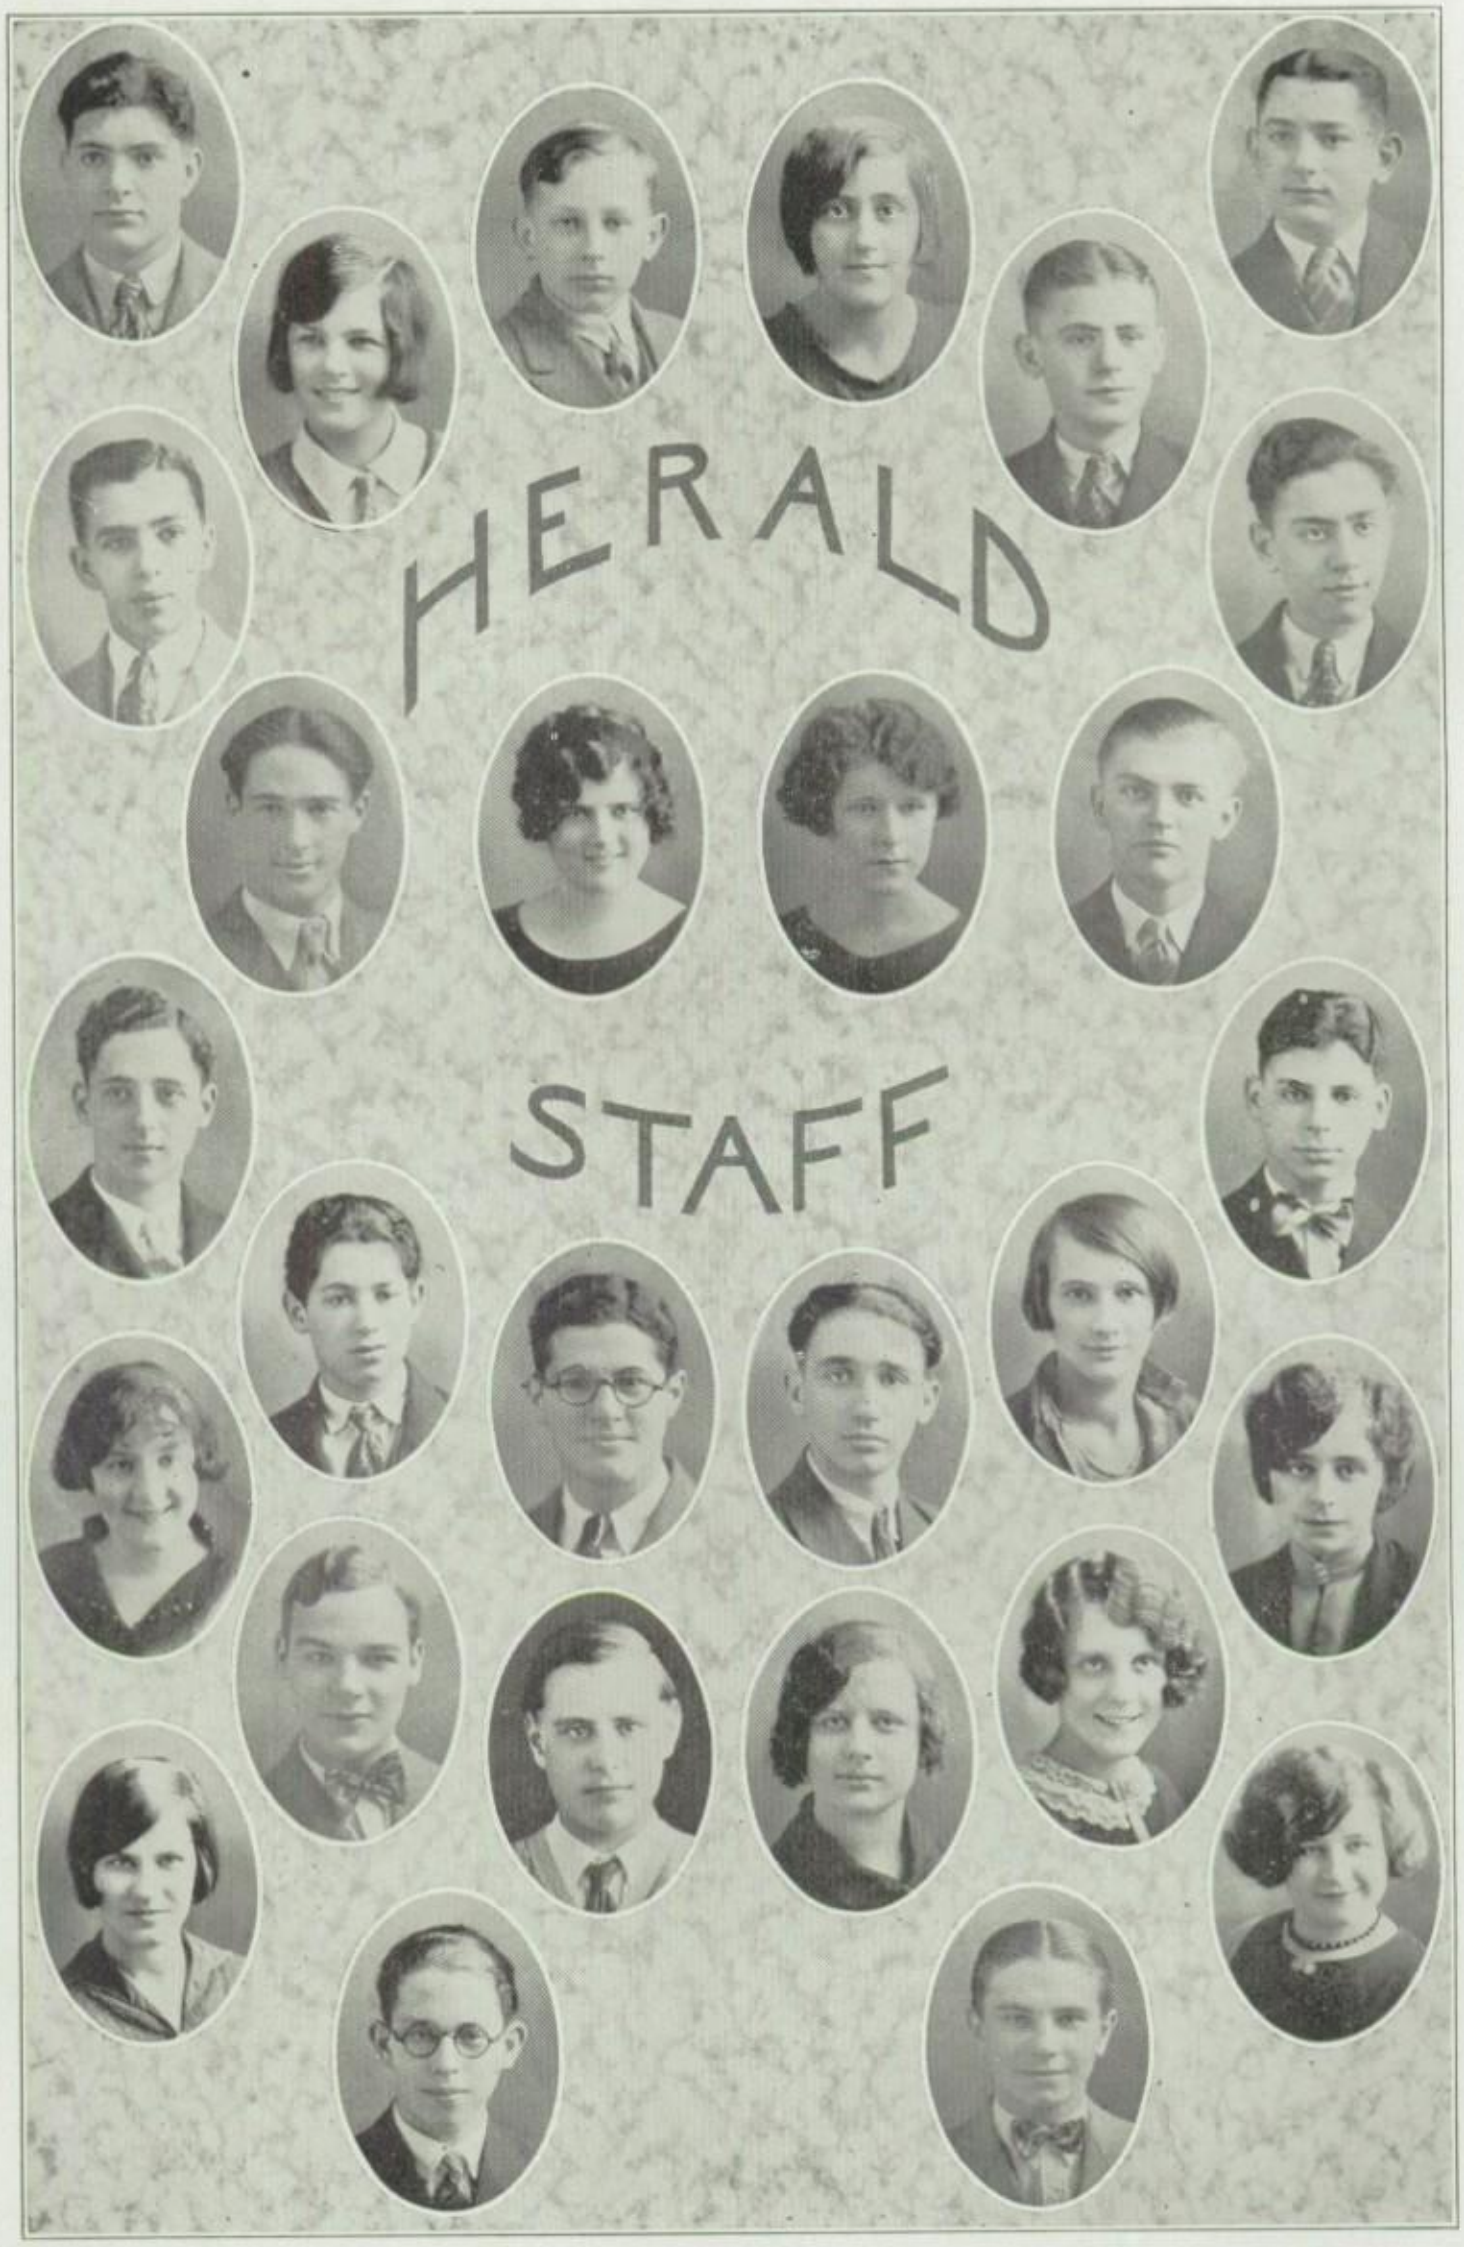
ACTIVITIES



HERALD
STAFF

THE HERALD STAFF

The Harrison Herald, sold every Friday morning thru the medium of a Herald agent, is the institution by which the student body is kept informed of the various happenings of the school and aids in establishing a spirit of cooperation. Moreover, since the keynotes upon which the paper is formed are good scholarship, clean sportsmanship, loyalty to the school, and participation in its activities, the students gain a better knowledge of what is right and best to do to maintain the high standards of their school.

During the semester of September, '26, to January, '27, the publication was under the able supervision of Mary Kolar, Jan. '27, who, with the valuable assistance of Ruth Lanski and David Bodiansky, both Jan. '27 associate editors, succeeded in editing a paper which placed in first class in the annual contest held at Urbana, Illinois, in November.

The staff of the spring semester, January, '27, to June, '27, was headed by Gladys Urbanek, editor-in-chief, who was assisted in her difficult task by Otto Jelinek, business manager, and Edward Altersohn, associate editor.

Of the staff members who remained from the fall semester, Irving Barnett held the position of art editor, Phillip Katch pasted second page "dummy", Josephine Kubik had charge of fourth page, Edward Logelin supervised the first page, Eleanor Messner had third page, and Marie Moulis wrote "heads" and was the Junior-Senior Girls' Club reporter.

The following new members, those just completing their first semester on the staff, are Sadelle Bilow, Esther Brabec, Sylvia Cobb, Joseph Chenicek, Morris Gordon, Lester Korogodsky, Irving Kupcinet, Victoria Matukaitis, Antonia Petrizilka, Harold Rossman, Stanley Strugala, Dorothy Vasumpaur, Sylvia Zelden, and Edward Czerwin, advertising manager.

The Herald at midyear felt a great handicap with the loss of David Cohen, business manager, and John Link, art editor, who, largely because of their superior work on Herald Staff, were made, respectively, business manager and editor-in-chief of the 1927 Harrisonian.

"THE BELLS OF CORNEVILLE"

Robert Planquette's "The Bells of Corneville" was chosen to be given as another annual addition to Harrison's and Miss Campbell's operatic successes.

A success? Greater than ever was this eleventh annual production. The fine singing, acting, and interpretative music transported all to the old-fashioned Norman village of the seventeenth century in which the plot is laid. The beautiful costumes and scenery, combined with the wit and humor, helped greatly to increase the artistic and historic value to the highly appreciative audience.

THE ORCHESTRA

The Harrison Technical Orchestra is now completing its fourteenth year of participation in school life. At its last assembly the orchestra played the following selections, which were also given between the acts of "Clarence": "Second Suite from Carmen" by Bizet, Luigini's "Ballet Egyptien", "Ballet Suite" by Gretry, "Autumn and Winter" by Glazounov. For the assembly the orchestra played, as an accompaniment for the solo dance, Sarasati's "Spanish Dance, Opus 26". For the two graduations in February, 1927, the orchestra played Mendelssohn's "War March of the Priests" and Verdi's "March from Aida". It is now working diligently on the two contest pieces, "Prometheus Overture", by Beethoven and "Morning, Noon and Night in Vienna", by v. Suppe.

In a recent campaign for new members, quite a few Harrisonites responded to the call, and the orchestra now boasts of thirteen first violins, fifteen second violins, four flutes, five clarinets, two cellos, four saxophones, two French horns, one oboe, three cornets, two bassoons, one trombone, a baritone, a sousophone, a tuba, drums, and tympani.

Much credit must be given to Mr. F. B. Emery, who so faithfully conducts this popular musical organization at Harrison. The concertmaster is Frederick Dvonch, a talented young player.

Laden (to Jerry Kovarik, reading a love note from his girl): "I see you've got a letter, Jerry. Is it business?"
Jerry: "Yes, monkey business."

Teddy Ongemach—The wonder boy! We wonder how he gets away with it.

"CLARENCE"

Take a business man, his jealous wife, a romantic daughter, a skeptical son, a charming governess, and an ex-soldier. Season with servants to suit the taste, and you have Booth Tarkington's farce-comedy, "Clarence", presented by the senior dramatics class, December 9th and 10th.

This success was mainly due to the splendid coaching of Miss Marinda Miller. Other members of the faculty who contributed to the play's success are Miss MacLean, Messrs. Blenkinsopp, Dougherty, Emery, Holmes, Rummell, Ruzicka, Twining, and Van Wazer.

THE HARRISON BAND

The Band has definitely contributed to the school spirit this year by its lively playing at assemblies and games. It helped to make the Music Festival a great success and gave concerts at several schools in our neighborhood.

Under the very capable leadership of Captain J. H. Barabash, conductor, Captain H. K. Loomis, business-manager, and Seregant Carter, military instructor, the Band with a membership of two hundred students, has developed into four units; namely, the Concert Band, the Second Band, the Beginners' Band, and the Girls' Band.

We are very proud of our soloists, Miss Caroline Solfronk, flutist, Frank Blazek, cornetist, and Rudolph Rabschultz, a baritone player. Miss Solfronk won first prize in the State Solo Contest, April, 1926, achieving the distinction of being the best soloist in Illinois.

The officers of the Girls' Band are: major, Caroline Solfronk; captain, Sonia Schlossberg; 1st lieutenant, Ella Pancoska; 2nd lieutenant, Florence Petrik.

THE HUSTLERS

The Hustlers consist of room representatives and a council. The room representatives, delegates and alternates, are elected from each division room. The council, which this semester consists of officers, heads of permanent committees, and sixteen delegates, four from each semester group, acts as a general executive committee.

During the year the committees of the Hustlers have accomplished many things. The Soap and Towel committee collected the soap and towel money and made plans to have new mirrors put in the washroom; the Pin committee made the design for the Hustler pins; the Good Citizenship committee helped in the good citizenship campaign and distributed arm bands, with anti-destruction mottoes, to every pupil and teacher; the Scrap-Book committee collected the reports of the various committees and combined them in an attractive manner for our report to the Association of Commerce; the Plant-up committee took orders for the seeds and plants and distributed them; the play committee conducted the Clean-up play; the Inside-of-School committee had the pledge cards printed; and the Lunchroom committee helped to keep the lunchroom clean. One of the newest committees, the Round Table committee, teaches the practice of parliamentary law and methods of student organization. Other committees which worked for the success of the Hustlers are as follows: Publicity, Grammar School, Parochial School, and Girls' Camp Fire.

The club is sponsored by Mr. Conner, Mr. Hawkins, Miss Holt, Miss Brown, Miss King, Miss Liska, Miss Miller, and Miss Tyley.

THE JUNIOR GIRL RESERVES

All 2B, 2A, and 3B girls of Harrison are invited each semester to join the Junior Girl Reserve Club, which is a sister to the Junior-Senior Girls. This club was organized in September of 1924 with a membership of about forty girls, and since that time has increased to more than one hundred active members. The purpose of the Junior Girl Reserves is to create and maintain the spirit of cheerful service and comradeship and to find and give the best standards of life. While the club works under the direction of a Service committee in co-operation with the school and other clubs and on numerous service projects of its own, the Program and Social committees plan entertainment and fun for the members. The Christmas assembly program, the Mothers and Daughters' banquet, the annual Hi-Jinks play, filling Easter baskets for soldiers in hospitals, and dressing dolls at Christmas have been the out-standing features of the club work this year.

THE GEOGRAPHIC SOCIETY

In December, 1926, the Harrison Geographic Society was organized by Mr. Doak. The lectures and talks by members, teachers, and others give a store of first-hand information, many times with the aid of post cards, actual photographs, or film. More worth while reading, especially in geography, is one of the club's aims, and the appreciation of pictures is another.

This semester many good lectures were given: "A Trip to Niagara Falls", illustrated, "Northern Michigan", which showed how little most of us really know about our neighbor across the lake, "Pittsburgh", giving valuable information of this bustling city, busy day and night to supply our iron and coal demand, and "India", presented interestingly by Miss Edwards. Once we traveled "abroad" with a member of the society to hear and see something of a typical port, Hamburg.

In September, we expect to make excursions about the city and attend the lectures of the National Geographic Society at the Auditorium.

THE YUNOTA CLUB

The Yunota Club, the oldest girls' hiking club at Harrison, was founded eleven years ago by Miss Florence Tyley, whose aim was to encourage hiking, comradeship, and good spirit among the Senior, Junior, and Sophomore girls.

The Yunota members have a chance to be acquainted with Mother Nature and their city in the bi-weekly trips to the forest preserves and to Chicago's most interesting spots. The big features of the semester programs are the semi-annual "Weenie Roast", the Christmas Party, and an all-day hike on Saturday sometime in June. At this time, all the Yunota members who have attended most faithfully the hikes, receive as a reward the beautiful, coveted, green "Y" of the club emblem. These good times are due to the help and encouragement of our faculty adviser, Miss Tyley, who lends jollity to each occasion and never lacks suggestions in regard to interesting places for the club to visit.

THE SOCIAL SCIENCE CLUB

This club is composed of students who are taking or have taken Social Science. The purpose of the organization is to acquaint the members with various phases of social work. The purpose is executed in excursions to Joliet, County Jail, settlements, and radio stations. A needy family is also cared for. The work of the Thanksgiving and Christmas funds, and a small part of that of the United Charities, claim the best efforts of club members. The club meets the seventh period in the social room with Mr. Hawkins, faculty adviser.

SACAJAWEA HIKING CLUB

For the benefit of freshmen and sophomores, those especially interested in the out-doors and in visiting notable Chicago centers, the Sacajawea Hiking Club was established with Miss Cobb and Miss Chamberlain as faculty advisers. It is the only hiking club to which freshmen and sophomore girls are eligible for membership.

Each fall the girls visit the University of Chicago to inspect the Harper Memorial Library and Ida Noyes hall. Visits are also made to the Art Institute, Field Museum, and the annual Chrysanthemum Show at Garfield Park. This semester more actual hiking has been done than ever before.

In the autumn the girls go to Palos Park for their all day hike. Toward the close of the Spring semester the annual hike to the dunes at Miller, Indiana, occurs.

Just one social event is held indoors, this being the annual Xmas Party.

"LE CERCLE FRANCAIS"

Le Cercle Francais is a club for students who have taken or are taking French. This club meets twice every month on Thursday, ninth period, in the Social Room.

Many interesting programs, both musical and literary, have been given this semester. At the meetings the members have discussed current French news and presented the playlets, "Cendrillon" and "Le Petit Chaperon Rouge". Also, an excursion was conducted to the Art Institute to see the paintings and works of Frenchmen.

The club will have a social and a picnic this semester.

LESSONS LEARNED AT HARRISON

1. To eat luncheon in five minutes when there's dancing in the social room.
2. To keep one's mouth shut and be thought a fool rather than to open it and remove all doubts.
3. To get sick before a test.
4. Not to eat soup with a fork.
5. Not to argue with Mr. Meek, Smith, or a woman.
6. Not to let Mrs. Chadwick see one walking with one of her division girls.
7. Not to run in the corridors when Mr. Loomis is about.

Miss Campbell: "What instruments make foot notes?"
Brodsky: "Why, the shoe horns."

THE ARCHITECTURAL CLUB

The Harrison Architectural Club is one of the best known and most useful at Harrison. It was organized in 1926 by teachers of the Technical department, who sought to make the Technical course more interesting. The boys responded and made an organization worthy of the school. The membership is made up of boys who are either taking or are interested in architectural drawing.

The purpose of the club is to give its members some knowledge of the great field of architecture, and it hopes to have a regular four-year Technical Course in the future. The club encourages competitive drawing more than any other high-school club.

During the past year, many trips were taken to various manufacturing plants, and lectures were given by different teachers of our own school.

THE DEBATING CLUB

Orators, humorists, and after dinner speakers, as well as keen-minded debaters, are produced by the Harrison Debating Club. The club, in past years, has produced some of the best talkers in Chicago forensic circles. The club holds open forums, debates, and extemporaneous speaking contests at the weekly meetings in 346, ninth and tenth periods on Fridays.

The club follows "Roberts' Rules of Order" at all of its meetings, and as a result the members are all experienced parliamentarians.

Two members of the club won first and second places respectively in the preliminaries of the Washington's Birthday Oratorical Contest.

During the past year the club has not entered so many inter-school debates as usual, because of the disbandment of the Chicago Literary Union. However, this league will be reorganized next year, and Harrison will again enter a team in the competition. The club's officers are:

THE CECILIAN CHOIR

The Cecilian Choir is a musical organization for first and second year girls who are all good singers. It was organized to accommodate the good singers among those who are not in the Harrison Girls' Glee Club.

We spend many enjoyable hours learning a number of songs which we sing at the Cecilian Choir assembly program that is given at least once a semester. Also, we furnish musical numbers for the 2A vocational class commencement.

The hard work and earnest efforts of the choir members were evidenced at the last vocational class commencement, where much beauty and dignity were added to the occasion by their musical presentation of part of the Lithuanian Nationality program. We also took part in the Polish, Indian, Russian Nationality programs and the ortho-phonic program last fall.

The success of the choir is largely due to Miss Viola Edna MacLean, our faculty adviser.

THE ECONOMICS CLUB

Besides making better business men and women of the students at Harrison, the Economics club helps to give them a better viewpoint of the social economics problems of the world.

The experience the members receive in the social and economic problems is quite practical. They visit various places of interest, giving stress to the Post Office, County Jail, Board of Trade, Station WHT, Tribune Building, and the state prison. The purpose of these trips is two-fold; first, for enjoyment and second, for profitable study and experience.

At Thanksgiving and Christmas, the members of the club took charge of the distribution of baskets of supplies, thus aiding the United Charities in helping the poor and needy.

In spite of being a busy organization, this club does not forget its socials and good times.

THE HARRISON SALESMANSHIP CLUB

The Salesmanship Club, organized in 1924 with a membership of fifty students, has now a membership of over 300. The club has taken an active part in many of the school activities, having during the past year directed publicity campaigns for Football, Soccer, Hustlers, the Band, Glee Club, Orchestra, and the Harrisonian. The Sales students sold tickets for football games and music festival. Also, they promoted school spirit by the sale of megaphones, flags, stickers, balloons, banjos, and swagger sticks.

The purpose of the Salesmanship Club has been to encourage better salesmanship and to promote a keener appreciation of business ethics. To further this purpose, speakers from representative business organizations have given talks before the club from time to time. The club programs are for the most part planned and carried out by the students themselves. One of the big social affairs of the club is the picnic which is held each year during the latter part of May. The official pin is a silver S with the words, Sales Club, on it in blue enamel.

THE LIBRARY STAFF

The regular staff in our high school library could not accomplish as much work as they do if it were not for the student assistants, who give voluntarily much of their time to help in the library. They do a large part of the routine work, such as charging and discharging books, collecting library slips, shelving books, typing, and answering simple reference questions. This leaves the librarians free for aiding pupils in choosing books, more difficult reference work, checking and indexing magazines, cataloguing, and other duties which require training and experience.

The library science class are in this way doing a service to Harrison. They receive benefit themselves, also, through learning how to use reference books and other materials in the library, so that they will be intelligent book users after they leave high school.

Some of the library helpers use their experience at Harrison to get a position as student helper in a college or university library later. Others who find the library service interesting choose this as their career, and, after graduation, join the staff of the Chicago Public Library.

TABLE MANNERS

1. Syrup should be used for nourishment, not liniment.
2. Place a napkin on your lap—never display it at half-mast.
3. When eating corn on the cob, adjust it as you would a mouth organ, but do not run down the scale too rapidly.

JUNIOR BESEDA CLUB

The purpose of the Junior Beseda Club is to encourage students to participate in Bohemian activities and arouse an interest in Bohemian art, music, and literature. The club has been in existence for several years and is now at the height of its glory.

It has a large and active membership at present. Mr. Edward Micek, ex-Bohemian teacher, helped make this club a success. We are very sorry we had to lose him on account of his leaving for Texas, where he is now teaching Bohemian and German at the State University. Mr. Kral and Mr. Reichman, present faculty advisers, also deserve much credit and thanks, for they have made the club a wonderful success.

Many interesting programs and meetings have been held during the semester, in addition to the Bohemian program, which was broadcasted over W. E. D. C. To Lillian Korecky, present Social Chairman, and Libbie Marek, former Social Chairman, the members are grateful for the many social events of the year.

THE BOYS' GLEE CLUB

This year has been a very successful one for the Boys' Glee Club. In the annual Inter-High School Glee Club contest, the club made a perfect showing. For the first time in the history of Harrison, a Music Festival, in which the club participated, was created; which festival is to be given every year in the month of February. The program was broadcasted over station WCFL. Immediately after this event practice began on the annual opera, "The Bells of Corneville", and the semester's work closed with the brilliant success of this opera.

THE GIRLS' GLEE CLUB

This semester marks the highest point in the history of the Girls' Glee Club now numbering over one hundred girls. This group has certainly done its share in making the club one of the proudest organizations of Harrison.

First of all, the club won third place in the Glee Club Contest held at Orchestra Hall last January, after being chosen in the preliminaries at another school. Their songs were "The Land in the Sunbright Deep" and "Mighty Lak a Rose". This wonderful organization has also participated in many of Harrison's assemblies. The most important feature this year was the presentation of "Bells of Corneville", the annual operetta.

For the wonderful work the Girls' Glee Club has exhibited our thanks go to Miss Campbell and Mr. Dornbos.

The Spanish Club meets every second and fourth Wednesday, the ninth period, in the Social Room. This club affords an opportunity to Spanish students to acquaint themselves with the language, music, and customs of Spain. All students who are taking or who have taken Spanish are eligible for membership.

Every meeting a program of Spanish readings and music is given by the members of the club. Spanish games are played and prizes are given to the winners. Every semester the Spanish Club holds a social at which a good time is enjoyed by all.

THE MacDOWELL ASSOCIATION

One manifestation of the recent nation-wide interest in music has been the formation, among students, of societies for the more intensive study of musical forms and instruments. Such an organization is the MacDowell Association founded by Miss MacLean several semesters ago and named in honor of Edward MacDowell, who was the first to rouse the interest of Europe in American music.

At its monthly meetings the Association has studied the evolution of various musical instruments, primitive music, the folk songs of various nations as shown in the life of the immigrant, and has illustrated the discussions by vocal or instrumental examples of the types studied.

The officers of the organization are:

Mr. Meek: "Yes, but I'm afraid you'll be up in the air all the time."

Mil: "Since I threw Ed down he's been carousing around like a madman."
Grace: "Hm! When is he going to stop celebrating?"

Ray: "I'm a self-made man."
Emily: "Are you boasting or apologizing?"

THE HONOR SOCIETY

The Harrison Honor Society, affiliated with the National Honor Society, is composed of E and S average students. The four ideals of the organization are engraved upon the pins worn by members; they are "Character, Scholarship, Leadership, and Sportmanship". The society is active; it inaugurated the coaching classes and the annual activity pageant. This semester it is conducting the Scholarship Campaign and is sponsoring the Junior Honor Society. The meetings are held every Tuesday, the ninth period, in 117.

Miss Dailey is the faculty adviser.

THE HOUSEHOLD ARTS CLUB

One of the largest and most popular girls' clubs at Harrison, the Household Arts Club, was organized in 1922 by the Household Art teachers. The members are girls taking the Household Art Course and those who are interested enough in Home Economics to take this subject.

Sewing, cooking, and home management are the subjects discussed at the meetings. Noted women philanthropists, home makers, and professional Home Economists give educational talks. At one of the meetings, Mr. Moni, head of the Moni School of Dress Design, gave an illustrated demonstration of designing. Recently, the well-known Mr. Leon Pescheret lectured on "Interior Decorating".

Parties and socials are frequently given. The annual picnic, occurring in June, is a much-looked-to event.

This semester the girls adopted a club song and a new pin. The pin is a minature gold tea pot facade inscribed with the initials H.A.C.

THE HARRISON TECH. CIVIC BANK

One of the many organizations at Harrison is the Harrison Tech Civic Bank, opened to the Harrison pupils December 15, 1925, with Miss Josephine Liska as faculty adviser. It is under the sponsorship of the Ogden National Bank. The guardian of the school bank and auditor of our books is Mr. Merrieless, an assistant cashier of the Ogden bank.

The purpose of the bank is to encourage the students to save and to teach them a sense of responsibilty and good citizenship. Very few have withdrawn their deposits, those few usually being the graduates or students who have an urgent need of the money. The pupils get 3% interest on all their deposits, as in any other bank. The bank started with a debt of $25, which has been reduced to $11.50. At present it has 450 accounts and $3,000 in deposits.

Last semester the bank conducted a contest among the Freshmen, Sophomores, Juniors, and Seniors. The Juniors won, having taken out the most bank accounts during a stated period. At present the bank is going strong.

Vivian: "But I don't want to chew the waste basket."

THE FENCING CLUB

The organization of the Fencing Club was under the direction of Mr. Turley. Later it came under the supervision of Mr. Loomis. The club was formed to interest the boys in this sport and enable them to compete with other schools for honors and prizes. At the club meetings discussions in regard to competitions with other schools and other business matters occupy the time. At the last meeting of the semester officers for the next semester are elected.

CLUB OFFICERS

September		February
Joseph Pokorny	*President*	Ben Pass
William Navid	*Manager*	Louis Copek

The team is composed of six men, four regulars and two substitutes, with a captain and a manager at its head. Pokorny and Navid graduated in February, leaving two regulars. The members for this semester are Copek, Pass, Reich, Schwarz, Shauer, and Triska. Both Pass and Copek are veterans besides being H men. Copek deserves mention for placing third in his section in the interscholastic meet, June, 1926, and receiving a medal for this.

Harrison has competed with the following schools: Austin, Hyde Park, Lindblom, Crane, and Lane.

Pop Spangler: "Yes; when mother used to comb my hair I wished I didn't have any."

THE LATIN CLUB

One of Harrison's interesting and most promising organizations is the Roman Senate, founded and sponsored by Miss Tyley and Mr. Johnson during the semester of September, '27.

The purpose of the society is to bring the old Roman atmosphere into its meetings and thus make the study of Latin more interesting and realistic to the students. Accordingly, the members are divided into tribes, ruled by the consuls, praetors, quaestors, and scribes, who take their names from the officials of the old Roman Empire.

One class period every month is given over to the meetings and programs given entirely by the earnest efforts of the students, feature talks, musical numbers, and educational exhibits. All Latin students are eligible and are urged to join an organization wherein they may learn the true value of the so-called dead language, Latin, and something of the customs and habits of the ancient Romans.

THE BIOLOGY CLUB

A club, long in existence, full of "pep", enthusiastic as workers describes the Biology Club, whose aim is to bring us in closer contact with nature, that we may appreciate our trees, shrubs, flowers, and birds.

During the past semester the club has supervised many interesting field trips. The Motron Arboretum at Lisle, Illinois, was a pleasant and educational excursion. Mr. Cook and Mr. Platt escorted a large number of students to the Stock Show, which was held in Chicago last fall. Socials are given throughout the semester. Very interesting meetings are held every two weeks, one of which is for business, the next a social meeting.

Probably the most important work of the club is its participation in the Clean-Up Campaign. Last year the club organized a committee known as the Plant-Up Committee, which was sponsored by Mr. Duda. The work of this committee was to see that seeds and young trees were distributed. The work done by this committee (which was composed of all of the members of the club) aided Harrison in winning the Clean-Up Campaign.

The faculty advisers are Mr. Platt and Mr. Duda.

Miss Tyley: "No, of course not."
Pesch: "Well, I haven't done my Latin."

THE HISTORY CLUB

The History Club, which was organized in 1925, has won its place among the best clubs at Harrison.

The club has conducted a great many interesting features, the last two semesters. One of the foremost of these was the historical research work done by some of the students at the Newberry Library. This was a novel plan introduced by Mr. Bjornson. Out of the many reports received on the work, six have been selected to be published and used as a source of reference. A trip to the Chicago Historical Society was another attractive feature of the semester. The visit proved very interesting and beneficial and gave the members an opportunity to see some of the actual possessions of great historical people and scenes of early Chicago. The club also paid homage to one of history's foremost characters, Stephen A. Douglas. A visit was made to his tomb, where a short program was given in memoriam.

All in all, the club has made amazing progress under its capable advisers, Miss O'Hair for the fall semester and Mr. Bjornson for the spring semester. The club expects to do a great many more things of historical interest in the future.

THE FRESHMAN GIRL RESERVES

The Freshman Girl Reserve Clubs, in one year's time, have achieved a real place in Harrison High School life. The Freshman girls have proved themselves capable of club leadership and club responsibilities. In common with the other girl Reserve Clubs of the school, their slogan is "To face life squarely", their purpose, "To find and give the best".

Club programs have been most varied—plays, talks, dressing dolls for the Red Cross, socials, and "sings". The Freshman clubs have been represented in all events of the Girl Reserve year—assembly programs, Hi-Jinks, the reception to Princess Ileana, and suppers at the "Y".

THE JUNIOR-SENIOR GIRLS' CLUB

The Junior-Senior Girls' Club, one of the largest girls' clubs at Harrison, is a branch of the Girl Reserve Department of the Y. W. C. A.

Each year a "theme" is chosen and developed. The one for this year is "Whatsoever things are of good report; if there be any virtue, and if there be any praise, think on these things." The topics for each month have a direct bearing upon this theme; for instance, "Good Work Laid Out", "Good Neighbors", "Good Scholarship", and "The Good Within".

Social life was not forgotten. We gave a social for the football teams, a mothers' tea, a welcoming party for the Freshmen, participated in the annual Hi-Jinks play, sent Thanksgiving and Easter baskets to needy families, and with the Junior Club launched a mothers and daughters' banquet, the first to be given at Harrison.

Miss Marinda Miller, the Dean, is our sponsor.

THE H CLUB

In its endeavors to produce active, vigorous, wholesome sportsmen the H Club has promoted clean athletics, incited good sportsmanship, and stimulated competition not only among its club members, but also among the students of the entire school. The only requirements for membership are the earning of an H, which is the school emblem in any form of athletics and the maintenance of an approved scholarship.

As the club grows older, its activities become more numerous and distinguished. Inter-room Basket-ball, Baseball, and Track have now taken the popular interest of the students. One of the many activities of the club members to rouse a great deal of enthusiasm was the Bowling Tournament, which was held early this semester. The third Annual Pentathlon sponsored by this club proved to be most successful. The H club is well represented in the National Athletic Scholarship Honor Society, having a membership greater than that of any other high school in the country.

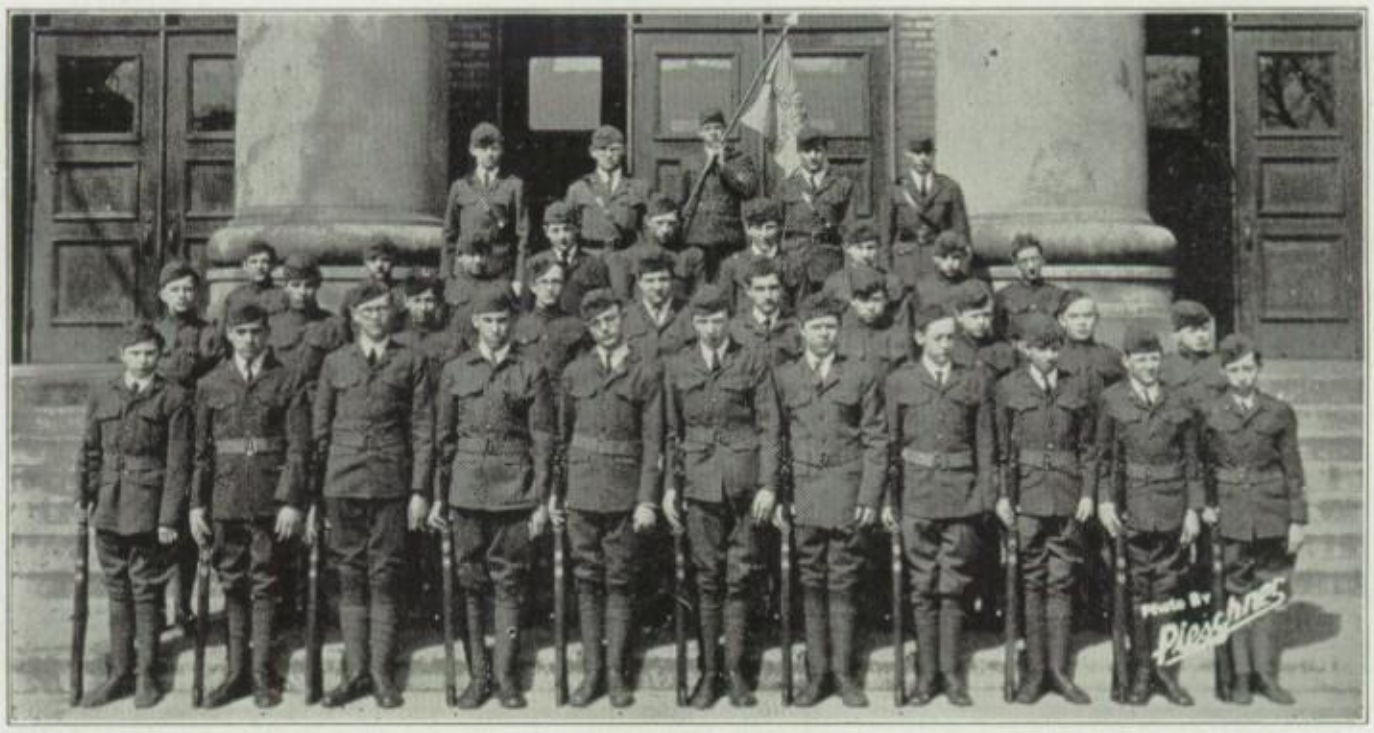
COMPANY A

Company A, ninth period class, is for the sixth consecutive year, color company of Harrison's R. O. T. C. unit. This company has been chosen to represent Harrison at the annual competitive drill for the city's best company. Last year the company won third place, but this year it is out to win first place. For the sixth consecutive year the picked squad was chosen from this company to represent Harrison at the annual Crack Squad Contest.

The officers are Captain Labovsky, First Lieutenant Aronoff, Second Lieutenant Barnett, and First Sergeant Gause.

Company B has always tried to do its best. About ten of its men have been chosen for the Best Soldier Contest. Company B will take part in the Review in June. Last year Company B was rather small, but it drilled fairly well. Now Company B is composed mostly of experienced men. This semester's officers are Captain Mikrut, First Lieutenant Lauerman, Second Lieutenants Nichols and Piatoff.

COMPANY B



COMPANY C

Company C, which drills the ninth period, consists of the second band members, who in the near future will make Harrison's first band. It is officered by James Bily, captain, Edwin Plocar, first lieutenant, in charge of the first platoon, and Alfred Stawarz, in charge of the second platoon. Company C is the largest at Harrison. Although handicapped by not having rifles for drill, the men have shown great work in numerous foot movements. The membership of forty-five includes only ten new men, and the company promises to be, by the end of the fifteenth week, one of the best if not the best company at Harrison.

Harrison Technical High School R. O. T. C.

The officers headquarters' Company was introduced into the Harrison R. O. T. C. this year. It meets every Wednesday the 8th period in 152 under the supervision of Sgt. Carter, with the purpose of studying the different movements for the following weeks. Capt. specialists J. Mrizek and R. Berkovitz are in charge, acting as majors.

The following officers are enrolled in this company: captains, R. Berkovitz, J. Mrizek, H. Labovsky, J. Mikrut, J. Bily; 1st lieutenants, Lauerman, Plocar, and Arnoff; 2nd lieutenants, Nichols, Piatoff, Barnett, and Stawerz.

THE HARRISON ACCOUNTING CLUB

Harrison is proud of all her school activities and clubs, and especially so of the Accounting Club, which rounds out its ninth year with the closing of this semester.

The Accounting Club has enjoyed a constant and increasing growth in membership and influence. This semester marks its most successful season. Club meetings have been held every week, at which time important business was transacted and interesting programs were given. Every meeting has been used with the idea of having each member get the most good from participation in the various activities and enterprises. Students have shown great interest in the club and have taken part in the programs with enthusiasm. Beside the weekly meetings the club has enjoyed two fine socials in the social hall, where every member had the privilege of enjoying himself in the pleasant companionship of his fellow students.

Under the supervision of Mr. Oliver N. Cord, the founder of the club, the students of the commercial department have enjoyed and profited by encouraging suggestions of club officers and the adviser, Mr. Cord, who deserves much credit for his work with the boys and girls of Harrison. Our membership this year is the largest in its history, and we expect to keep growing. It is a great honor to belong to the Accounting Club.

The club has a wonderful motto, "Once a member, always a member". Old members and former members are always invited to attend the meetings. All members wear a beautiful club pin of gold and turquoise containing the letters, H. A. C., Harrison Accounting Club. The officers for the year are:

President ..... Victoria Matukaitis
Vice-President ..... Margaret Adams
Secretary ..... Marie Nilles
Assistant ..... Blanche Sikyta
Treasurer ..... Sally Martin
Assistant ..... Bohumil Kadlec

Freshman: "How long could I live without brains?"
Sophomore: "That remains to be seen."
